

I am writing to urge to you to stop phone companies from imposing misleading charges on my monthly phone bill so I can truly compare prices of phone services. I support the petition filed by the National Association of State Utility Consumer Advocates and endorsed by other consumer advocacy organizations, including CU. This petition, CG Docket No. 04-208, Petition for Declaratory Ruling Regarding Truth-In-Billing and Billing Format, is long overdue. Many consumers feel as I do. The charges often are larger than my bill for usage. The phone company also implies that the line items are mandated by law, when they are not. Why is this practice tolerated by the FCC? The FCC should immediately grant the NASUCA petition to investigate carrier practices related to line item charges on bills for wireline and wireless phone service; to declare certain practices in violation on the Commission's "Truth in Billing" Order and to prohibit carriers from imposing separate monthly fees, line items or surcharges unless expressly mandated by law or the charge is expressly authorized by a governmental authority. Sincerely, Louise Monjo 4 East 88th Street New York, New York 10128
